Seminar on: AI Governance Using ISO/IEC 42001

24 Mar 2025 (Monday) from 7pm to 8pm

Introduction	<p>The recent excitement of AI usages in various disciplines has triggered the concerns of its use by individuals, society, regulators, as well as business owners. The enactment of AI governance frameworks, including laws and regulations, have proliferated. This webinar will introduce the framework with which the industry uses to govern AI to ensure its use is responsible, ethical, and accountable. The speakers will demonstrate how ISO/IEC 42001 fits into these frameworks. The webinar will cover:</p> <ul style="list-style-type: none"> • Introduction to AI governance and the goals • Overview of global AI regulations • How ISO/IEC 42001 is structured and its relations with the governance framework • Q&A
